DETAILED ACTION

This Office action is in response to applicants' amendment filed 18 January 2005, which amends claims 22, 29-33 and 36-37. The stated amendment has been entered. Note that claims 1-13 and 23 were canceled by the applicants' amendment filed 1 December 2004. Thus, the pending claims 14-22 and 24-42 are therefore examined in this Office action.

Note that the terminal disclaimer filed on 1 December 2004 disclaiming the terminal portion of any patent granted on this application, which would extend beyond the expiration date of US Pat No. 6284725 has been reviewed and is accepted.

EXAMINER'S AMENDMENT

An Examiner's Amendment to the record appears below. Should the change and/or additions be unacceptable to Applicant, an amendment may be filed as provided by 37 C.F.R. § 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than payment of the Issue Fee.

Authorization for this Examiner's Amendment was given in a telephone interview with Mi K. Kim on February 8, 2005. Applicants agree the Examiner proposed amendment to claims 14, 24, 31 and 35 (see below).

Amendment to the specification:

In page 1, lines 6-7, change "This application is a continuation-in-part of provisional application 60/103,498 filed October 8, 1998" to "This application is a divisional application of U.S. patent application No. 09/302,596 filed 30 April 1999 (now U.S. Pat. No. 6,284,725), which claims benefit of provisional application No. 60/103,498 filed 8 October 1998".

Amendments to the claims:

The pending claims 14, 24, 31 and 35 have been amended as follows. Please replace the previous claims with the claims shown below.

Claim 14 (*Amended*): after "ischemia-reperfusion event", change "and the decrease in function is characterized by reversible or irreversible cell damage or cell death" to "sufficient to cause cell death, or reversible or irreversible cell damage in said tissue".

Claim 24 (*Amended*): after "ischemia-reperfusion event", change "and the decrease in function is characterized by reversible or irreversible cell damage or cell death" to "sufficient to cause cell death, or reversible or irreversible cell damage in said tissue".

Art Unit: 1653

Claim 31 (*Twice amended*): change "the ischemic event" to "the ischemia-reperfusion event".

Claim 35 (*Amended*): after "or ameliorating" delete "organ".

Conclusion: Claims 14-22 and 24-42 are allowable over the art of record.

Any comments considered necessary by applicants must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
